

Conservation LEARNING CENTRE

A stylized green leaf graphic with two main blades and a central vein, positioned between the words 'Conservation' and 'CENTRE'.

From Production to Profit!

A  **NEW** Course for Farmers
Offered at the CLC

Farming – Profitably!

Do you find that:

- **Farmers have increased production and efficiency in the past 20 years?**
- **Farms have grown in size?**
- **Farmers are busier?**
- **Farm profitability is at an all time low?**

Farming – Profitably!

- ***From Production to Profit*** may be for you!

Farming – Profitably!

From Production to Profit will:

- **Teach you what you need to know to make decisions on an economic basis**
- **Show you how to calculate your economic outlook and the importance of doing it regularly**
- **Be taught by farmers who have proven these methods for themselves**

Sign me up!

- **Courses will run for groups of 8-14**
- **We will come to your community**
- **It takes 2 days of your time**
- **You will reap the returns of this knowledge for years**
